PART III — THE BOOK OF LIFE MEMBER'S PLEDGE

Voluntary Declaration of Membership and Commitment

The Member's Pledge is a personal declaration made by every individual accepted into the Book of Life.

It is intended to establish a shared understanding of the responsibilities that accompany membership.

THE MEMBER'S PLEDGE

A Declaration of Shared Values and Personal Responsibility

I voluntarily accept membership of the Book of Life and acknowledge that my inclusion in its Register represents my commitment to a community founded upon compassion, kindness, integrity, environmental responsibility and positive action.

I make the following commitments:

1. Compassion for Humanity

I pledge to treat others with dignity, empathy, patience and respect. I will endeavour to support fellow members and those in need whenever reasonably possible.

2. Kindness and Protection for Animals

I pledge to respect animals as living creatures, oppose cruelty and promote their humane treatment and protection.

3. Stewardship of the Planet

I pledge to respect our natural environment, reduce unnecessary harm to the Earth and support responsible and sustainable ways of living.

4. Integrity and Safety

I pledge to act honestly, take responsibility for my conduct, respect the law and refrain from violence, intimidation, exploitation or deliberate harm towards others.

5. Active Community Building

I pledge to contribute positively to my community, encourage peaceful coexistence and support meaningful activities that benefit humanity, animals and the natural environment.

My Personal Commitment

I understand that membership is not a declaration of moral perfection or spiritual superiority. It is a voluntary commitment to shared values and a willingness to put those values into practice.

I recognise that my actions reflect not only upon myself but also upon the community of which I am a member.

I therefore accept the responsibility to uphold the principles of the Book of Life to the best of my ability.

My commitment is voluntary. My actions give it meaning.
